## Representative Work-On Program

Qualified 9<sup>th</sup> – 12<sup>th</sup> grade students may become a Student Council Representative of Booker T. Washington by completing all necessary paperwork and meeting the point requirements for three consecutive months. Once a student is a member, they will remain an active member every year as long as they keep up with point requirements. If point requirements are not met, the representative will be on probation the following month in which he/she must obtain 10 extra points to remain active. If the 10 extra points are not accumulated during the probationary month, the representative will have to work on as a new member to regain active status. Any student interested in being involved in Student Council should fill out the necessary paperwork and turn it in to the advisor.

All representatives must have at least an "80" scholastic average and an "A" average in citizenship. They must retain these averages during their term.

*I have expressed a desire to be a member of the Student Council officer at Booker T. Washington High School. I understand that I am required to maintain a B average in all core classes and an A average in citizenship in all classes. (No failing grade in citizenship is acceptable regardless of the average). I will make the necessary effort to attend meetings and I will maintain minimum point requirements each month, and I understand that I am subject to probationary status if I do not. I also understand and agree that members are required to be positive role models and maintain ethical and leadership qualities throughout their term (on and off campus).*
