2005 Student Passing Standard: Panel Recommendation for Grades 3-10 and 1 SEM below Panel Recommendation for Grade 11.

Number of students tested is in parentheses.

All students tested in the first and second administrations of the TAKS reading test are included for both years.

For 2005 fifth grade TAKS math results, all students tested in the first and second administration are included.

Students with miscoded ID numbers may be counted twice if tested in Spanish and English or tested in both the first and second administrations.

Percentages may not add up due to rounding. Percent Met Standard is suppressed if the number of students tested is less than 6.

2005 Student Passing Standard: Panel Recommendation for Grades 3-10 and 1 SEM below Panel Recommendation for Grade 11.

Number of students tested is in parentheses.

All students tested in the first and second administrations of the TAKS reading test are included for both years.

For 2005 fifth grade TAKS math results, all students tested in the first and second administration are included.

Students with miscoded ID numbers may be counted twice if tested in Spanish and English or tested in both the first and second administrations.

Percentages may not add up due to rounding. Percent Met Standard is suppressed if the number of students tested is less than 6.
