(N) = number tested. \*Percentages and gains not reported for groups with fewer than six members.

<sup>1</sup>Grades 3 and 5: reading met standard rates are through the third administration for both years. <sup>2</sup>Grade 5: mathematics met standard rates are through the third administration for both years. <sup>3</sup>Grade 8: science met standard rates are based on 1 SEM below the panel recommended passing standard for both years.

NOTES: Students may be counted twice if their ID numbers were reported incorrectly and they were administered both the English and Spanish tests. Gains based on percentages before rounding, so calculating differences from 2006 to 2007 may not produce gain values presented here.
