(N) = students tested. *Percentages and gains not reported for groups with fewer than six members.

NOTES: Includes results for all students tested with the TAKS test in either year, including TAKS (Accommodated) in 2008. Students may be counted twice if their ID numbers were reported incorrectly and they were administered both the English and Spanish tests. Gains calculated from percentages before rounding. ¹ Scores for READING and MATHEMATICS in grades 3, 5, and 8 are through the THIRD ADMINISTRATION. (In 2007 there was only one administration of these grade 8 tests.) ³Grade 8 SCIENCE percentages based on Panel Recommendation (2100) for both years.
