

Frequently Asked Questions

1. Is the cost of fingerprinting \$40.25? **The cost should remain the same for that specific service code, but each service code has a different price. If the applicant is fingerprinting out of the state for the district, there will be a different cost.**
2. Once the individual has completed their fingerprinting, how long does it take for their information to be searchable in the DPS system? **We do not have a specific day that the information is uploaded in the DPS system, but it normally takes 3-5 business days.**
3. If an individual enters the wrong service code or ORI, will their information show up in the system? **If the applicant entered the wrong service code, we cannot see their information because it went to a different department. If it has been more than 2 weeks, the applicant needs to check the status online and see what it says for the status. If all else fails, please have the applicant call customer care for assistance.**
4. Do Online Tutors need Criminal History Checks? **Yes**

Criminal History Checks of Online Tutors
