

Monitor Your Student's Progress with Echo

Echo is our school's learning management system. Our teachers post their class materials, students submit their assignments, and grades are posted in Echo. Through Echo, you can access the daily agenda for your student's classes and see upcoming assignments.

Accessing Echo Using A Web Browser

- Visit New Tech Dallas website for access
- Click on QUICKLINKS to find Echo page
- Enter your login as firstname.lastname (all lowercase)
- Password is newtechparent

Echo can be accessed on your computer using Chrome, Firefox or Safari web browsers. This gives parents complete access to all course assignments, student submissions, grades and more. Using this method, parents see Echo just as their students do.

Accessing Echo Using An iPhone or iPad App

Parents can quickly access much of the same information using the Echo Viewer app on iPads.

To download the Echo Viewer application complete the following steps:

1. On an iPhone or iPad device, select the App Store icon.
2. Select the search option.
3. Type in "Echo Viewer". You will recognize the Echo logo when you have
4. Select "Get" to download the app to your device.

available for Apple iPhones and

found the right app.
