Parent Guide: Choose Dallas ISD Round 2 Application Process

All students are eligible to submit an application during the Round 2 process (March 28, 2022 – September 2022). Applications will be processed by each individual school and will be given enrollment consideration based on a combination of three factors:

1) the number of open seats at the school/programs in the applicant’s grade;
2) the applicant’s enrollment priority (e.g., siblings, Dallas ISD residents, etc.), and
3) the date/and time the application is received (the earlier, the better).

Parents must use the Choose Dallas ISD online system to submit one or more Round 2 applications for their student. Here’s how:
