Student Engagement
Fall 2018
Training Sessions
The Student Engagement team will offer abbreviated versions of their summer professional development sessions during the Fall 2018 semester. All Dallas ISD staff members are welcome to register in Cornerstone and attend!

All fall training sessions will be hosted at the Dr. H.B. Bell School Support Service Center (2909 North Buckner Blvd, Dallas, TX 75228) from 4-6PM on the following dates:

- Wednesday, September 12th
- Wednesday, October 3rd
- Tuesday, October 23rd
- Thursday, November 15th

See below for session descriptions, and we look forward to seeing you this Fall!

**Building Positive Classroom Systems**

2 hours

Establishing a positive, safe, and welcoming learning environment is critical to academic success. In this session, we will learn to create Social and Emotional Learning systems that foster opportunities for student voice, engagement, ownership, and connectivity to the classroom community. Participants will learn how to organize their classroom, build positive relationships with students, and model and teach expectations. We will also explore Tier II and III interventions for increased student engagement and support. Remember to bring your laptop to this session!

**Culturally Responsive Teaching**

2 hours

We will explore the increasing cultural diversity of American schools and the need for educators to create culturally responsive classrooms. Participants will learn to recognize, affirm, and respond to these differences and associated needs as well as develop strategies to increase the educational success and experiences of culturally diverse students. Remember to bring your laptop to this session!
