Student Pledge of Attendance

I, _____

pledge to "show up" to school and class, every day, on time, and ready to learn. I will "strive for less than five" absences this school year.

If I am absent from school, I will turn in an excuse note as soon as I return and will complete all of my assignments that I missed.

I will respect myself, my education, and my community by "showing up" to school and by being involved in my education.

I will come to school ready to learn reading, math and all my subjects with a positive attitude.

By signing this pledge, I agree to "Show Up" to school and "Strive For No More Than Five" absences this school year!
